**Sterling Middle School Door and Locker Information**

Facilities Director, Mike Manuello, presented cost and installation information for the replacement of the entryway doors at Sterling Middle School. Due to weather damage and corrosion these doors have rusted beyond repair. He reached out to two companies, Colorado Doorways and Intermountain Lock. Intermountain Lock did not reply to his request. Mr. Manuello’s recommendation is to contract with Colorado Doorways to provide this service. The District has worked with them in the past, they provide excellent customer service, are willing to work around preexisting electrical work, and reuse parts that are still viable.

Mr. Manuello also presented two quotes for replacement lockers at Sterling Middle School. Although the quote from Jorgenson Industrial Companies is a lesser amount, Mr. Manuello suggests the purchase be made from Pro Sports. The lockers from Pro Sports have stronger, heavier frames and doors; they are the same brand, size, and shape of the current lockers which makes installation easier. Also, Pro Sports is a local company.
