

Camp RE-1 Enrichment 2019

Courses are free for high level learners. Call email kleind@re1valleyschools.org to register your child (BEST way). You can also leave a message at 522-2514 to register your child. When registering use the course code (such as "Course 45ABlackout" or "Course 23BYouPoet"). Please check RE-1 Valley District Gifted website for course cancellations as our office is currently closed until June 17 for the camp.

Current Grade 2, 3 Dates June 17, 18 Time 9:00-11:30

Course 23APoetry

Beginning Poetry

Poetry is a way to use words to vividly express senses, feelings, or ideas. In this class we will begin to identify the different types of poetry and start to write poems of our own. We will discover a new world of words and learn how to put them together to create a masterpiece!

Course 23A Code

Code Breakers: The Secrets of Cryptography

The Secrets of Cryptography. Understand the dynamics of making and breaking codes, what makes a code "unbreakable," and experiment with designing your own.

Current Grade 2, 3 Dates June 19, 20 Time 9:00-11:30

Course 23BYouPoet

You're a Poet, even if you don't know it

Writing poetry--all kinds of poetry, even when you don't think you can! (We'll do "never" poems, haiku, blackout, and spoken poetry).

Camp RE-1 Enrichment 2019

Courses are free for high level learners. Call email kleind@re1valleyschools.org to register your child (BEST way). You can also leave a message at 522-2514 to register your child. When registering use the course code (such as "Course 45ABlackout" or "Course 23BYouPoet"). Please check RE-1 Valley District Gifted website for course cancellations as our office is currently closed until June 17 for the camp.

Current Grade 4, 5 Dates June 17, 18 Time 12:30-3:00

Course 45ABlackout

Blackout Poetry

We will begin to dig deeper into poetry, what does it mean, what is it expressing? We will learn different types of poetry and explore black out poetry with some old books. During this class we will craft and create to express ideas or feelings. We will even create funny poems with the use of onomatopoeia!

Course 45AAstro

Astronomy

We will investigate the stars and the planets. We will determine how far apart things are in our solar system. We will discover what stars are, and how they form. Before you leave we will identify some constellations you can look for in the night sky.

Course 45AGuitar

Guitar Basics

If singing and learning guitar are among your summer highlights, then sign up for this! Student group will learn guitar basics, techniques, and several beginning guitar songs. Along with learning guitar tuning and posture, students will practice familiar guitar songs. A short parent concert will begin at 2:45 on the second day of class.

***Students may bring their own guitar or use a district-owned guitar. District-owned instruments will remain at school between the 2 days of course.

*** (enrollment capped at 10 students)

Course 45AYouPoet

You're a Poet, even if you don't know it. Writing poetry--all kinds of poetry, even when you don't think you can! (We'll do "never" poems, haiku, blackout, and spoken poetry).

Current Grade 4, 5 Dates June 19, 20

Time 12:30-3:00

Course 45BDrama

Drama Workshop

Have you ever imagined yourself as an actor—on stage or on tv? Then this workshop is for you! Day 1, you’ll learn all about the stage, the basics of acting, and important concepts such as timing, blocking, and cues. On Day 2, we’ll work together to produce a short, one-act comedy play, everything from reading the script to casting to a final performance. After our days together, you’ll know some of the key tricks to being a star on the stage.

Course 45BGuitar

Guitar Basics

If singing and learning guitar are among your summer highlights, then sign up for this! Student group will learn guitar basics, techniques, and several beginning guitar songs. Along with learning guitar tuning and posture, students will practice familiar guitar songs. A short parent concert will begin at 2:45 on the second day of class.

***Students may bring their own guitar or use a district-owned guitar. District-owned instruments will remain at school between the 2 days of course.

*** (enrollment capped at 10 students)

***Students can take this class without having the June 17, 18 class as this is a beginning class similar to the June 17, 18 class. Students can also take this class (repeat) if they took the June 17, 18 class.

Course 45BTess

Tessellate me! Fractals and Tessellations in nature and art.

Tessellate me! Fractals and Tessellations in nature and art. What makes patterns unique, different, and awe-inspiring? Learn the difference between fractals and tessellations, find them in history and famous art pieces, then create your own.
